

The transportation plan to Lutheran High School will be adjusted until the start of the 2011-2012 school year to best accommodate students that desire to make use of traveling to LHS from one of four locations. Professional shuttle service is being looked into, but will depend on the number of students who could be serviced. At a minimum, LHS will provide shuttle/van service from the locations listed below.

This plan assumes a school day that starts at 7:40 a.m. and ends at 2:40 p.m. See below for thoughts concerning an adjusted school start time.

Proposed price to use the shuttle service: \$70 a month

A

From Peace with Christ Christian School (3290 S. Tower Rd. Aurora, CO 80013)

- 30 minutes
- Proposed route: Hampden to Parker Rd. to I-225 to I-25 to Ridgeway Pkwy to LHS
- Leaving PWC at 7:00 a.m.
- Possible return vehicle leaving at 3:00 p.m.

B

From Shepherd of the Hills Christian School (7691 S. University Blvd. Centennial, CO 80122)

- 30 minutes
- Proposed route: University to C-470 to I-25 to Lincoln Ave. light rail stop, to Ridgeway Pkwy, to LHS
- Leaving SOTH at 7:05 a.m.
- No return vehicle

C

From St. John's Lutheran School (700 S. Franklin St. Denver, CO 80209)

- 28 minutes
- Proposed route: I-25 to Ridgeway Pkwy to LHS
- **Leaving St. John's at 7:00 a.m. (see note below)
- One return vehicle leaving at 3:00 p.m., another leaving at 6:00 p.m., dropping off at St. John's then at Bethlehem

D

From Bethlehem Lutheran (2100 Wadsworth Blvd. Lakewood, CO 80214)

- 40 minutes
- 6th Ave. to I-25 to Ridgeway Pkwy to LHS
- ** Leaving Bethlehem at 6:50 a.m. (see note below)
- One return vehicle leaving at 3:00 p.m., another leaving at 6:00 p.m., dropping off at St. John's then at Bethlehem.

** LHS is considering a bell schedule that has a first period that meets every day (non-block schedule). This would allow individual schedules to be built such that students using routes C and D could have first period as their free period, thus allowing for a later start to the school day and therefore a later departure time in the morning.

All start and route times are approximate at this point with more details to be provided in the future.

We welcome your feedback as to how to make this plan more efficient and provide an even better service to potential students.
