

Lutheran High School – Course Selection Requests for the 2026-2027 school year

Students will be choosing their classes for next school year online through FACTS/RenWeb! This online procedure will help to better streamline the scheduling process to prepare us for next school year.

January 20-23: Mrs. Fair will be meeting with all Sophomores in their Theology classes to talk with them about classes for next school year. Parents, you should receive a screenshot via text from your student of the classes they have chosen to take next year. You will use this screen shot to officially request classes through FACTS/RenWeb.

Online Course Selection is open January 20-26!

- Please login to your FACTS/RenWeb account (you will use the parent login)
 - **If you forgot your password, click on the Forgot Password link. FACTS/RenWeb will email you a link to reset your password.**
- Click on Student Information
- Click on Course Request
- Use the screenshot you have of your selected classes as a guide and check the box next to the classes you wish to take next year.
- Once all your classes are selected hit Save. And you are done! That's all there is to it.

This must be completed by Monday, January 26 @ 11:59 pm

Important things to note

FACTS District Code: DL-CO

- Please stick to the classes that were pre-selected with your student at school and appear on the screenshot. If you have any questions about the pre-selected classes, please talk to your counselor **before** making any changes in FACTS/RenWeb.
- **Be Sure to also select Lunch & Chapel.** If you don't select Lunch & Chapel as a class, it will not be added to your schedule for next year.
- Next to the list of classes you will see which classes you are currently enrolled in and have passed or failed. This gives you a good look at your high school career thus far and can aid in future planning.

- Any class with a “:” next to it is a semester long class. All other classes are year-long.
- If you’ve failed any class (one or both semesters), please note that you will have to seek credit recovery online or at your local public high school summer classes. Suggested online credit recovery sites: is.byu.edu or ndcde.org
- Some classes (Team Strength, the Academies, Choir, Band, etc.) may be taken more than once. So yes, FACTS/RenWeb allows you to check a box next to an already passed class.
- All class selections will be reviewed by counselors with the student between January 30 and March 13. Should any irregularities or conflicts arise you will be contacted.
- Selecting classes this early helps administration plan for the needs of next school year. As always, master schedule planning is done during summer and student schedules for the next school year are viewable in FACTS/RenWeb in early August.

Online class selection ends January 26 @ 11:59 pm. You will need to complete your online course selection by this date to secure your classes for the 2026-2027 school year. If you miss the window, Mrs. Fair will help your student select their classes in FACTS.
